Awareness programme on
Hygiene & Sanitation

Hygiene & Sanitation are critical to help prevent the spread of illness & disease. So Sanitation and hygiene become especially important during an emergency, such as a natural disaster, and floods during rainy season. In this regard, An awareness programme was conducted for the girl students at G.D.C, Tekkali on 8th August 2022.

The principal of our college Dr. T. Govindamma, addressed the girl students of B.A, B.com and BSC in the campus. She stressed upon the importance of being hygiene and make the surrounding clean & green. She suggested the girls to maintain the washrooms clean & hygiene. She said that by taking safety measures and cleaning hands and keeping the washrooms clean we can avoid problems of different disease and infections. The convener, of W.E.C Smt. R. Deepa, Incharge Hod, Dr. Padmaja, IQAC co-ordinator Sri. Lakshminarayana and faculty members attended the programme.
